COLOPHONS

BIG TOP

Foreword

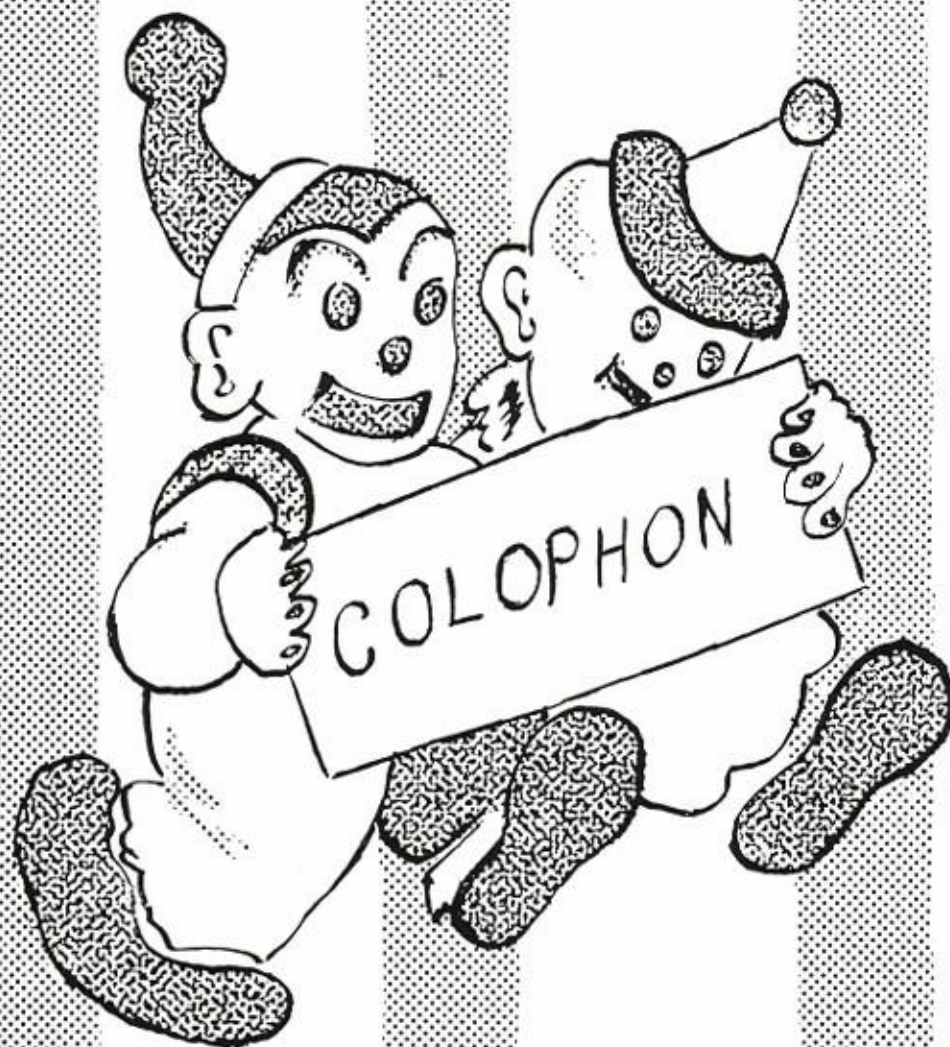

Just four very short years ago we, the class of '53 entered these halls that will soon only be a memory. In these four years we have had our ups and downs but in most cases we came out on top. In this 1953 Colophon, we have tried to put the life of the students into print and pictures, and I hope that our aim has been achieved. Like the seniors before us, we say the days spent at Hurst have passed all too quickly.

As we leave our Alma Mater, we wish we could turn back the hands of time and become freshmen once again; but this world of ours, as never before in history, needs young men and women with true and steady hearts and minds. Sadly, we, the class of '53, will tip our hats and take our bows and last but not least we will thank the administration and faculty for helping us through the best years of our lives. We will now leave our place here at Hurst High School to the future classes of our Alma Mater and we, the class of '53, will go out into the world and do our bit in bringing about a world of peace and unity for all mankind.

Board of Education

Row 1 Dr. Lloyd F. Rumbaugh, Mr. Herbert Smith, Mr. Andrew Harvan, Mr. William Smitley, Mr. Bernard Novak.
Row 2 Mr. George Baluh, Mr. Edward Bilik, Mr. Ralph Porch, Dr. William D. Mullin.

Seven citizens interested in the educational needs of the community comprise the High School Board of Education. The Board members are elected by the voters of the Township and meet on the second Monday of every month. In planning for our educational needs the School Board is a vital factor, although at times it is not fully appreciated or given full recognition for its many services and numerous accomplishments. This representative group of Mount Pleasant Township is confronted with many problems which concern our educational welfare. They have contributed their knowledge, experience, and service in solving these problems and have shouldered our educational responsibilities. In performing its many duties and obligations the Board attempts to perform them in such a

way as to please everyone although at times this is rather difficult.

The Board is one of the most important civic organizations in the community. Through its efforts our needs and wants have been fulfilled and our high standards of education have been maintained. The many activities and benefits we enjoy as students of Hurst High School are the result of the earnest endeavors of these directors. The real reward of the Board is not monetary remuneration; their reward is the satisfaction of helping to provide the best possible educational program and facilities for the youth of their community.

We, the Class of 1953, wish to express our gratitude to the Board of Education, which has provided for us an adequate and a well-rounded education.

Superintendent

You, the members of the Senior Class, will soon be graduated from your high school. Up to the present time, your life has been somewhat sheltered. Soon you will be engaged in different activities: the service, industry, or enrolled in higher institutions of learning. Questions involving moral, social, and mental problems will confront you. It will be necessary to make decisions, to do some serious thinking. Thoughts and ideas put into action give direction to the individual's life. What you think, that which crystallizes into action, will decide the direction of your life. The fact may be somewhat sobering, but what you become will be largely the result of your acts, your decisions. I hope your decisions will be for the best.

L. F. Rumbaugh

Principal

In this message to the graduates of the class of '53, I would like to suggest that you do some "straight thinking" about your future. There is no word, symbol or formula by which the success of people can be predicted. In selecting a career think straight and ask yourself if you have a life plan. You have completed your formal education which has given you the know-how, the information, facts, figures, and all other materials of our civilization from which you have developed skills, both manual and mental. This culture and these skills you will use in earning a living. The most important factor in your success will be determined by the human element. This human element is most unpredictable, and whether you succeed or fail will be determined largely by weaknesses in your human relations with other people. Adopt a life plan—something that you like to do and something that you do the best. **STRAIGHT THINKING** will bring you happiness and inner peace.

Juniors

The coming of summer brings to a close one of the most enjoyable years of school. Our junior year in high school introduced us to many activities which we never knew as underclassmen.

Many people said that our play "The Man Who Came to Dinner" was the best play that has ever been presented by a junior class in Hurst High School. With the proceeds from the play and from selling jerseys and beanies, we set forth to have one of the best Proms ever held at Hurst.

In February we received our class rings. We had waited eleven years for these trinkets,

but some soon adorned the fingers of students other than those of the owner.

As a class we had our ups and downs but we usually came out on top. We had a good time this year giving instructions to those green "freshies" and razzing the sophomores about being underclassmen.

The Class of '54 would like to wish the Class of '53 all the success and happiness that can be bestowed on them. Filling your shoes will be rather difficult but we will try, to the best of our ability to carry on as you have.

Lots of luck to you.

Sophomores

When, as students, we first entered the halls of Hurst, we were probably the most bewildered and certainly the largest freshman class ever to enroll here. Being initiated into the schools usual custom and being dubbed the name "freshie" we received a dark view of our four years ahead. This first impression was gradually changed as we began to make new friends by joining clubs, and entering school activities as a group with the upper-classmen. As we got accustomed to the new life, the weeks seemed to fly. First the football season, then the class plays

and then, just as we were beginning to get the routine down pat, the summer vacation was here. This passed as if it were a few days. Then we were sophomores; this was our greatest achievement thus far. We had weathered the storm and were ready for smooth sailing, so we thought, but it turned out almost the opposite, and although we are enjoying this year more than any other, we are looking forward to our next year at Hurst. But no matter how bad it may seem to be, we will always make the best of it and hope for a brighter tomorrow.

Latin Club

Under the capable supervision of Mr. Taggart, our Latin advisor, this club has become one of the best educational clubs at Hurst High School. The purpose of this club is to better inform the students about the customs and language of the Roman people. At the meetings, there is a business session followed by a prepared program. Plays are acted out, slides are shown, and students take part in quizzes.

The Latin Club this year donated three books to the library. These books will be a great help to those people who are studying Latin.

On March twenty-sixth, the club had a spaghetti dinner. The club is composed of Freshmen, Sophomores, Juniors, and Seniors. Officers preside over the monthly meetings.

Library Club

The Library Club, under the sponsorship of Mrs. Ferguson, is a group organized along administrative lines which work to accomplish certain practical ends. The members give direct aid in library processes such as checking books in and out, helping to unearth reference materials, and they encourage good citizenship in the li-

brary. Membership is limited to five of whom are chosen each year from the Freshmen class by the other members of the club. Monthly club dues plus a social activity—a dance or a skating party—is held each year to raise money to buy pins for the departing senior members.

Sigma Rho

The Sigma Rho is the mathematics club of Hurst under the capable supervision of Mr. Nock. The purpose of the club is to enable the pupils of average intelligence to achieve a clear knowledge of the essentials of Algebra, Geometry, Trigonometry, and the slide rule. The member-

ship of the Sigma Rho is composed only of students who are in the progress of successfully completing their fourth year of high school mathematics. It is known as quite an honor to be a member of the Sigma Rho.

Under the capable co-direction of Miss Fisher and Miss Myers, the Hurst Chapter of the National Honor Society completed another successful year. This society was founded to stimulate in students at Hurst a desire to render service to the school and community, to create enthusiasm for scholarship, to promote worthy

leadership, and to encourage the development of character. According to tradition, the annual induction ceremony of new members was held in the spring. Upon graduation, the society awards a scholarship to a deserving senior wishing to further his education.

National Forensic League

The National Forensic League governs the forensic activities at Hurst High School. All types of speeches are included in the N. F. L. plan of achieving recognition and each type in its place is related to all others and to the whole field of forensic work. Students may participate in debate, dramatic declamation, humorous

declamation, oratorical declamation, original oratory and extemporaneous speaking. The Hurst chapter of the N. F. L. offers its members opportunity to meet students from various sections of Western Pennsylvania in competitive speech and debate. Senior members receive a pin for their achievement.

Future Homemakers

Under the guidance of two such able teachers as Miss Hacker and Miss Galone, it is little wonder that the girls learn so quickly. Besides the courses in cooking and sewing the girls have carried on a varied program. Christmas parties, selling of Christmas cards, and annual dances are held each year, and the money goes toward the annual junior and senior banquet

also pins for the seniors. One of their outstanding accomplishments for the year was the sale of candy which enabled the junior and seniors to receive emblems.

"The shortest way to a man's heart is through his stomach," is the slogan of the cooking class. As a result of such splendid teaching none of our girls will become old maids.

Future Farmers of America

The F. F. A., the farmers of the future, is under the supervision of Mr. Simon. This year has proved to be a very active year for our F. F. A. The officers of the club this year were President, John Cadzow, Vice-President, Edward Hunt, Secretary, Dick Miller, Treasurer, Harry Carey. These boys are the young men who strive to keep our agricultural standards high in America in the years to come. Toward the end of January the F. F. A. took a trip to Harrisburg for the annual farm show which proved to be very educational to the boys. During the year, we

see many exhibitions of their skills. The one that we recall the best was their sale of delicious Bar B. Q.'s at lunch time. Another highlight of the F. F. A. is a banquet given in honor of the boys' fathers. A banquet is also held for the new freshmen members. So you can truly see why the F. F. A. is a worthy organization. We can see by their past records that these boys have been doing a fine job and we are certainly proud of their achievements and hope they can maintain similar records in the future.

Industrial Arts

The Industrial Arts is a club consisting of all those boys, who are interested in learning the usage of practical tools. The very able instructor of this vocational course is Mr. Christner. The first year students are not permitted to use all tools but they are at liberty to use the jigsaw and wood lathes. The tools which are used by the other Industrial Art boys, are circular saws, hand saws, wood and metal lathes, sanders, and a drill press. As a result, from these many tools, the boys are taught to make many useful things from wood and metal. These boys are also permitted to make whatever they wish. Some of

the work done by these boys is excellent. Some pieces of furniture made by these boys are really neat. The boys are all taught the use of every piece of machinery. By learning the different uses of this machinery, the boys are more apt to get a better job when they leave high school and go out on their own. The Industrial Arts Department, like the Agricultural Department, is down at the Norvelt building. The officers for the past year were president, Donald Funk, vice-president, Mike Rady, secretary, Wayne Miller, treasurer, Bob Shebeck.

French and Spanish Clubs

These three foreign language clubs are under the sponsorship of Miss Eversole, who teaches French and Spanish. Their membership is open to all sophomores and juniors, who take Spanish and to all juniors and seniors who take French. The purpose of the clubs is to gain information on the customs of the people, whose language is being studied. Meetings are held once a month in room 108, each club having its separate date.

Senior Chamber of Commerce

Under the capable co-supervision of Miss Stoner and Mr. Freed, the Senior Chamber of Commerce is one of our more active school organizations. The club is composed of junior and senior commercial students who are interested in the benefits of the business field. Each year the club sponsors various social affairs, such as a

dance and skating party. The club's main working project is the sale of Christmas candy; the profits from this particular project are used to purchase business machines for the workroom and to enlarge the furnishings of the workroom. According to tradition, the members receive pins and enjoy an annual banquet.

Junior Chamber of Commerce

The Junior Chamber of Commerce under the very able sponsorship of Mrs. Jones is composed of freshmen and sophomore commercial students. This organization provides students with an opportunity to become better acquainted with the possibilities of commercial work. Each year the club plans an active social schedule which in-

cludes dances, bake sales, and skating parties. The Junior Chamber of Commerce co-operates with the Senior Chamber of Commerce in the project of selling Christmas candy, and also contributes funds for the purchase of business machines for the workroom.

Projectionist Club

Standing left to right—Hile, V., Miller, R.,
Gelet, T.

Sitting—Hunter, J.

This is the group that helps present our school movies. Organized by Miss Fausold, the boys were taught how to operate the projector and what to do in case of minor break-downs. The boys take turns showing movies to the school, classes, and clubs. It is very interesting work, and they enjoy it very much.

Ushers Club

The Ushers Club, under the careful advising of Mr. Kissell, consists of twenty or more energetic boys. They are a select group of freshmen, sophomore, junior, and senior boys. They are always at our school activities to take care of the audiences. The boys also help set up scenery for the class plays and prepare assembly movies. They always look forward to a banquet at the end of the school term.

Male Quartet

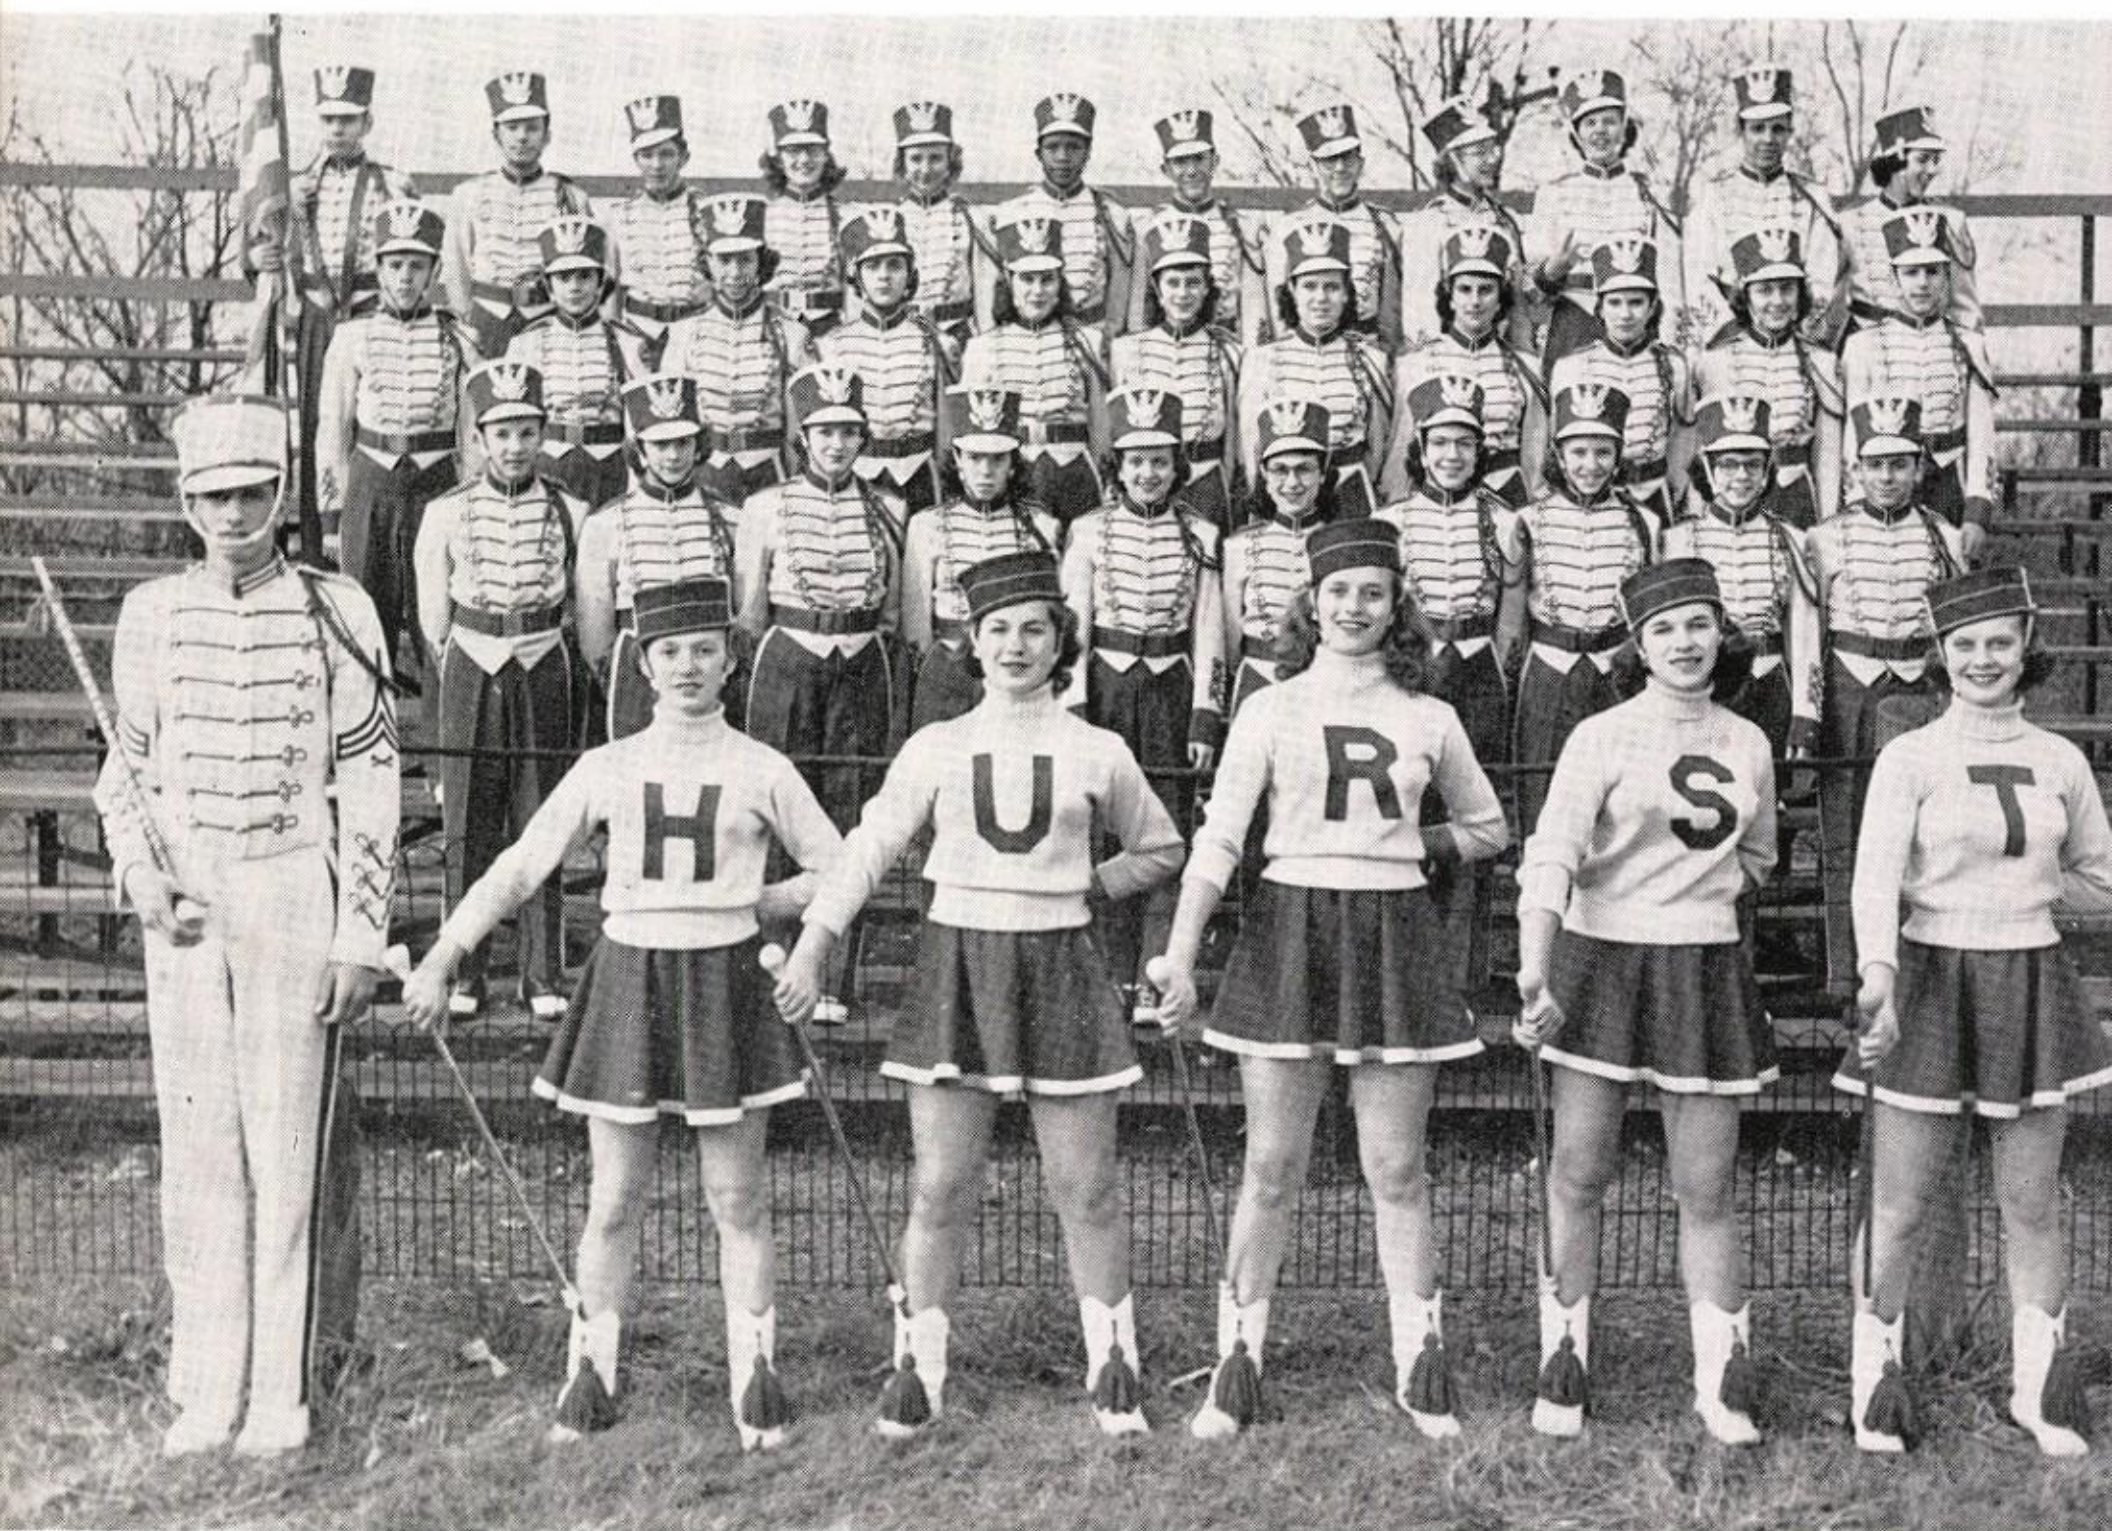

Left to Right—Hixson, Sammuel; Hile, Vaun;
Bilik, William; Miller, Wayne

The Hurst High Male Quartet was organized by Mr. Somers. They rehearsed with him every day and sang in several assemblies and outside activities. Vaun Hile sings first tenor; Bill Bilik, second tenor; Sam Hixson, first bass; and Wayne Miller, second bass. Vaun and Wayne are sen-

iors and will be graduating this year. Sam, a junior, will have another year in the quartet. Bill, a sophomore, will have two years in the quartet. This is the third male quartet at Hurst and may there be many more. They have had a very successful year.

Hurst High Band

The spirited Hurst High School Band composed of approximately ninety-six members, marched in ranks and presented an excellent performance at each and every game. Dressed in brilliant scarlet and white uniforms, they were an organization Hurst could well be proud of. To all a finishing touch of perfection, were ten prancing majorettes and a very capable drum major. The inspiration of this organization showed spectators and students alike that they were truly behind the team, win or lose! In November of '52, the Hurst Band lost their good friend and director, Mr. Ronald Shurie. But in

December of the same year, the position was very ably filled by Mr. Avampato. This year, Hurst was represented in regional, state, and district band conventions. A banquet is held annually for the members of the band, at which time awards are presented to the senior girl and senior boy who contributed their all in the development of a better organization during their four years of membership in the band. These awards tend to stimulate competitive spirit and add greater interest to this work. The officers for the year were:

President	Jack Hunter
Vice President	Vaun Hile
Secretary	Patricia Ewing
Treasurer	Wayne Miller

Majorettes

Each year as our summer vacation is just about to come to an end, our majorettes begin to shine their batons for another exciting football season. These ambitious gals held evening practices with Mr. Dundor, an experienced baton twirler, a month before school began. They were taught a modulation of routines and aimed to perfect them. Finally our football season began and our strutting majorettes led the Hurst High School marching band down the football field. Their entrance brings forth a tremendous applause from those seated in the grandstands. A breath-taking feat during the season was a baton twirling act, with the use of blazing fire batons. At all football games, in all kinds of weather, our prancing majorettes always show their extraordinary talent.

ROUSTABOUTS

Football

Since the majority of the first string varsity football team had been graduated from high school last year, this year's team had to be rebuilt. It needed a whole new backfield and a few good linemen to replace the graduated ones. It is a privilege to say that the boys have responded tremendously to this effect.

Football practice began on August 18, and continued throughout the season. The boys had little hopes of winning this year, due to the lack of training and experience, but with the splendid work on the part of the three coaches; Mr. Hart, head coach; Mr. Mihalic and Mr. Gorinski, assistant coaches, they had a very good season.

The football squad started the season off with a "bang", by winning the first three games. Although the next game was with Greensburg, which is classified as a A-A school, there were hopes that the Hurst Eleven could win over them. They lost but only by a 7-0 margin and it was considered one of the Hurricanes best played games of the season. Even though the loss to Greensburg was shock, the boys didn't lose their good spirit and courage, and as a result, they were able to win the next four games. The Hurst Hurricanes were now in the running for the Class A, W.P.I.A.L. and of course, this was quite an honor. Staying in the W.P.I.A.L. might have climaxed a very fruitful season, but the Hurricanes were defeated by the Ramsay rivals 13 to 7. Hurst lost the last game also but all in all it was a very good season; for the players as well as the fans. A few of the players received scholarships to different colleges due to their athletic abilities. There is no doubt that everyone will remember the fighting Hurricanes of '52.

				*League Games			

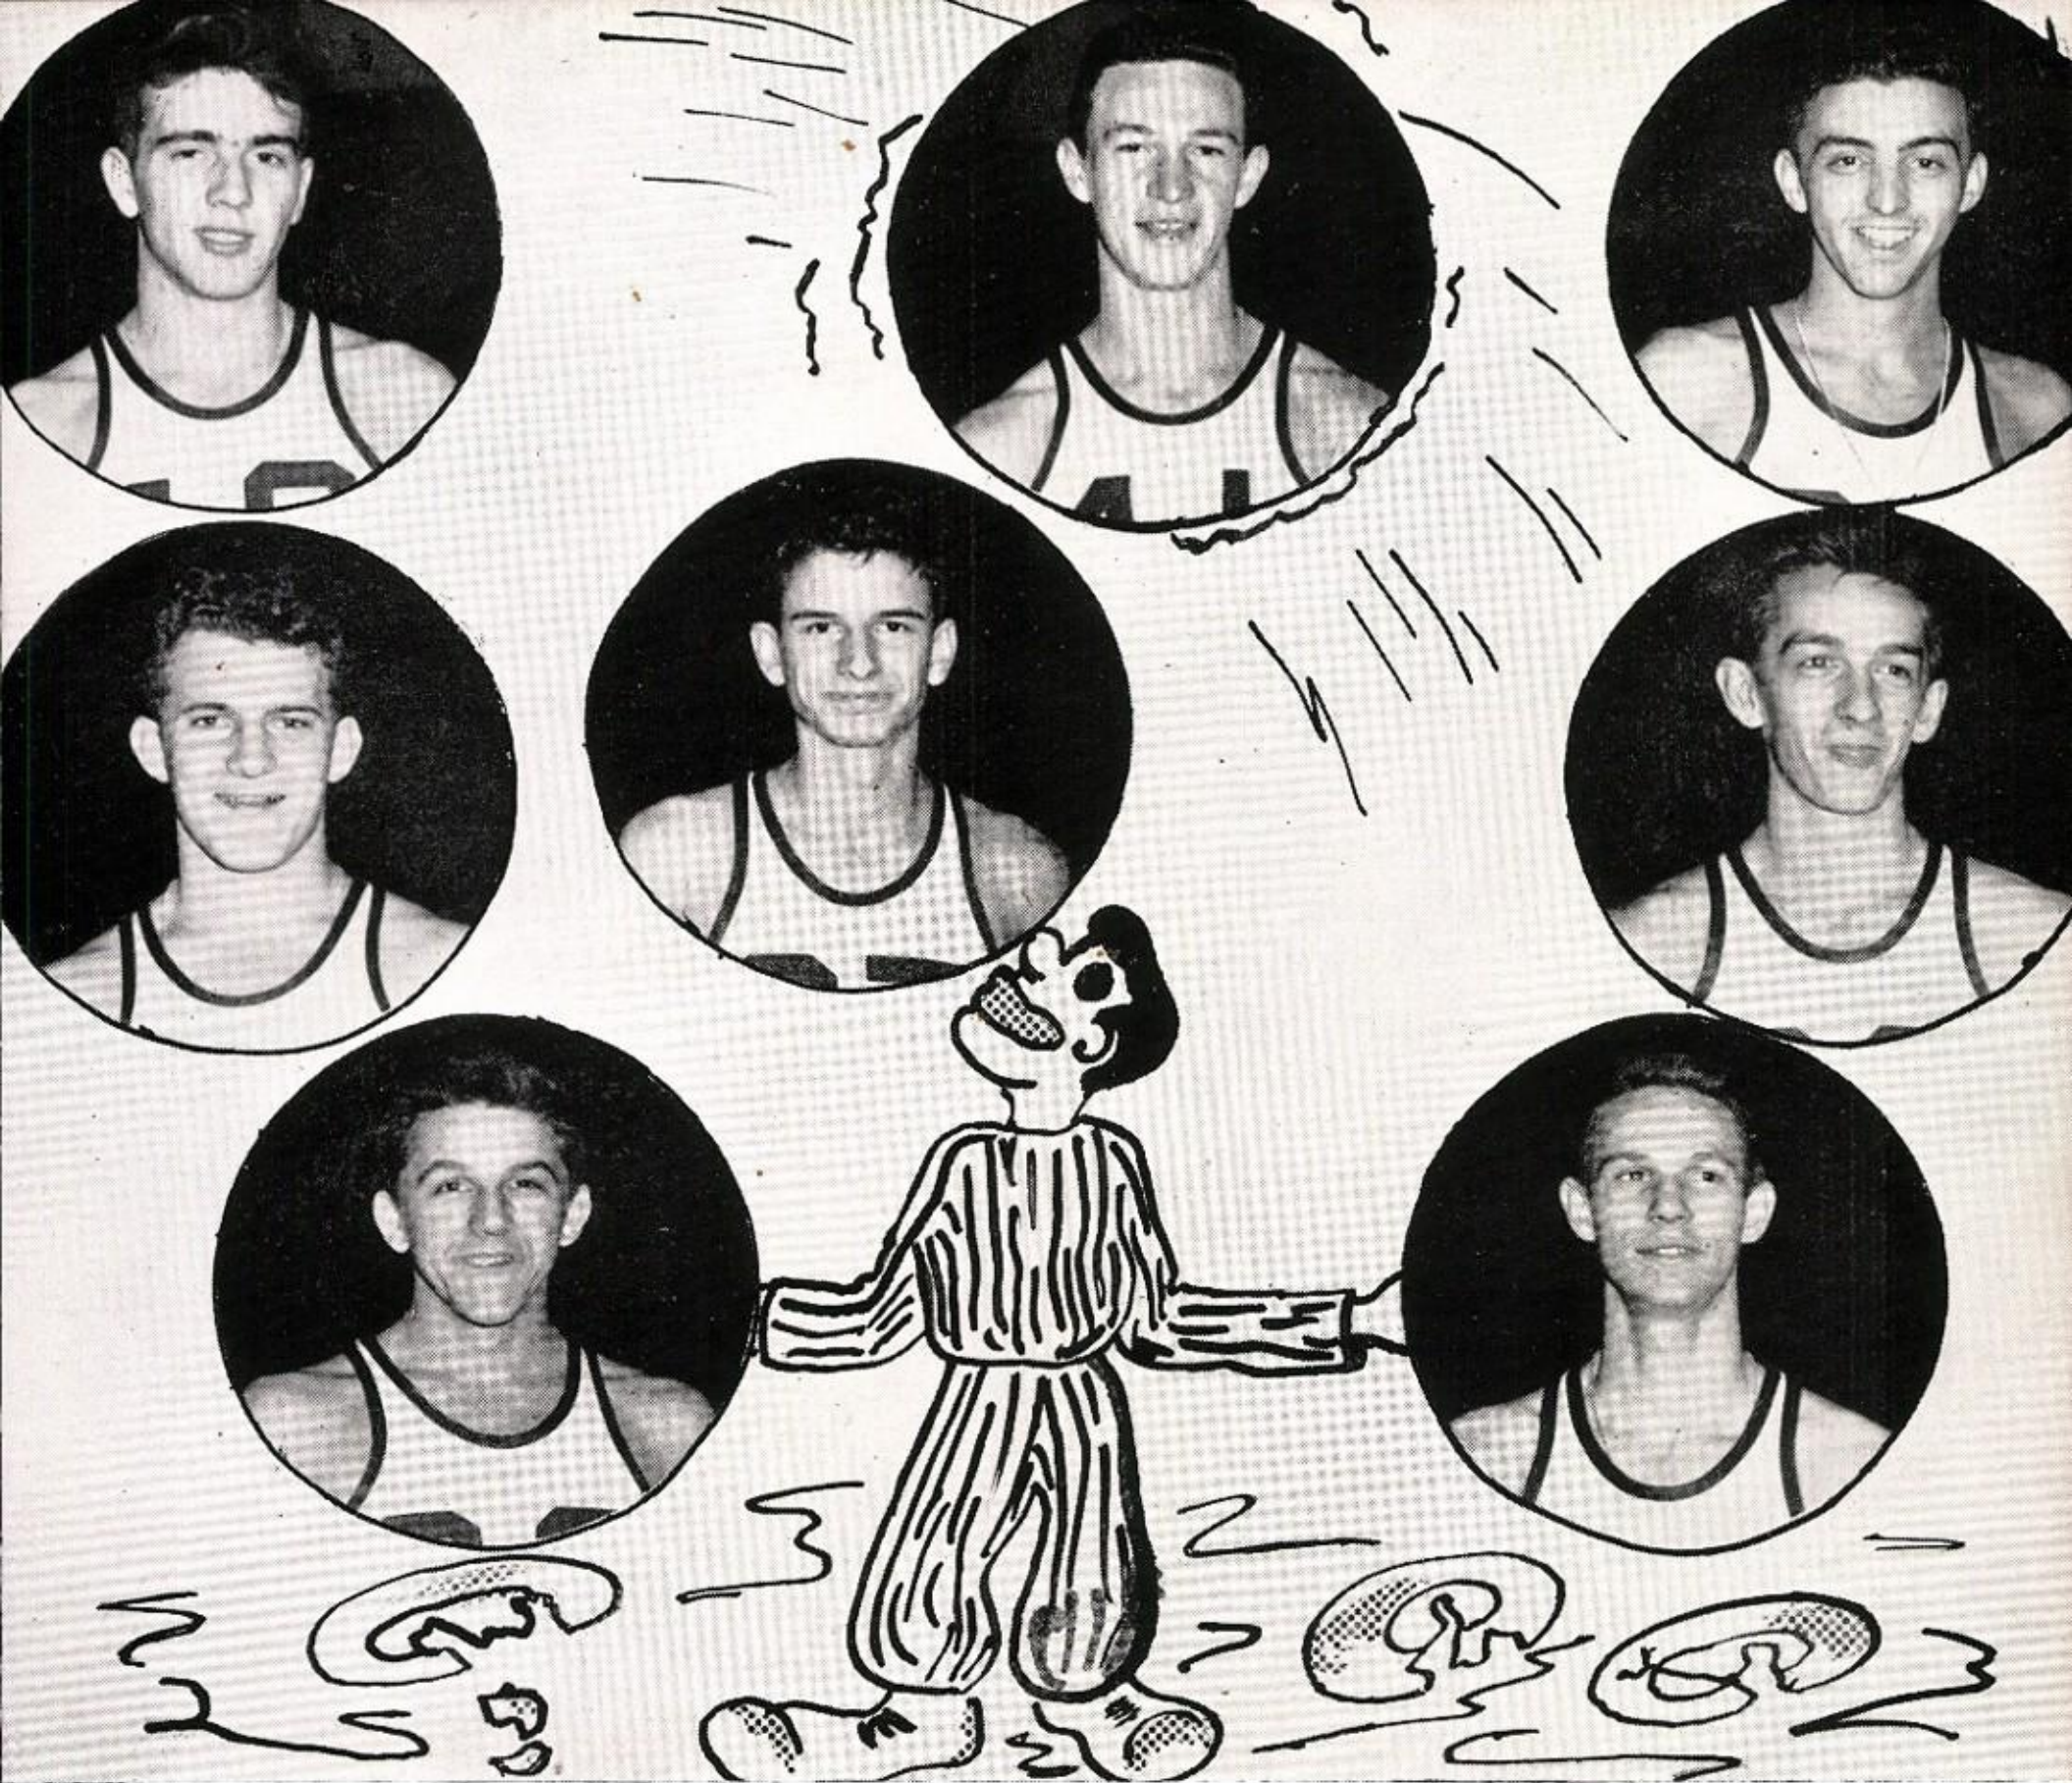

For the first time in the history of our school, the Hurst Cagers, under the brilliant coaching of Mr. Nock, have won a championship. The boys are all hard workers and spent many long hours at practice both before and during the season, but they never complained. Now their hard work has been rewarded because the season's record shows seventeen victories and only four defeats—enough to finish first in Section X of the WPIAL. They also participated in the County Tournament at Greensburg and no loyal fan will ever forget the excitement of the Vandergrift game which we won by the huge margin of two points in an overtime; and also the easy victory when we defeated Jeannette in a real thriller by one point. Although the season was very successful no one except Mr. Nock and the players will ever know the actual heartbreak that was felt when the team was defeated by Greensburg in the county tournament and by Monaca in the first round of the WPIAL playoffs at the Pitt fieldhouse.

The first team was composed of five equally good "hoopsters" which included Misiak, Lipko, Mullin, Resnik, and Malesky while Yurik, Bielecki, and Spinella can not be overlooked. These boys along with Mr. Nock and the Junior Varsity are to be congratulated for their excellent record.

Since there are three members of the Junior class on the Varsity and several of them on the Junior Varsity the outlook for next year is very bright.

Baseball

The 1952 edition of the Hurst High School Baseball Team won its eleventh sectional W.P.I.A.L. title in thirteen attempts. After fourteen straight victories, the only defeat was suffered at the hands of McKeesport High School by the score of two to one in the Western Pennsylvania Semi-Final game played at Munhall. Immediately after the game, Johnny Patula was signed to a bonus contract with the Boston Red Sox, and Bobby Forys received a full scholarship from the University of Virginia. Other seniors who performed nobly were Paul Kozusko, Robert Holoman, Mike Miscik, Bill Rosky, and Bill Hoover.

Returning to form a fine nucleus for the 1953 squad are the following lettermen:

Seniors: Bill Misiak, Russell Smith, Mike Rady, and Richard Yurick.

Juniors: Bob Resnik, John Rakaczky, and Leonard Pavick.

Sophomore: Ray Holoman.

Other returnees of whom much is expected are—Kenneth Shaw, Bill Mullin, Richard Biller, Bill Grabiak, William Dunn, Donald Stahl, James Knapp, and Bobby Miller.

We feel reasonably certain that these boys will uphold the splendid tradition of winning baseball at Hurst in fine style.

Cheerleaders

Our cheerleaders play an important role in the athletic activities at Hurst. Faithfully they cheer our football squad on to victory during football season, and also our basketball team. They attended every football game.

Theresa Burns—Terry, a senior regrets leaving H. H. S. She traveled to Hurst from Latrobe her senior year, a very popular miss with everyone. She enjoyed the energetic life she led as a cheerleader.

Andrew Blosky—"Bud" always got a laugh, anywhere at anytime. Bud was head cheerleader this year. Was known for his "Alabama Shake It."

Donna Aultman—Being very small didn't stop Donna from cheering. She is a senior and a cheerleader for three years, as well, she enjoyed every minute of it.

Robert Burns—Always there when you need him, that's "Bob", a cheerleader for two years. He would like to keep cheering, but will be awfully glad to get that diploma.

Samual Hixson—"Sam" is a junior who is known and liked by all. He hails from Brinkerton and next year will take over as head cheerleader.

Florine Pyda—"Flo" resides at Standard and is the third of the newly chosen cheerleaders. She especially enjoyed football games and that certain player.

Richard Albright—Chosen this year, "Dick" helped lead our team to victory. He lives at Calumet and claims it to be the best place on the map.

Louise Williams—The shortest of the short describes Louise. She has completed one year of cheering now and says she enjoys it very much.

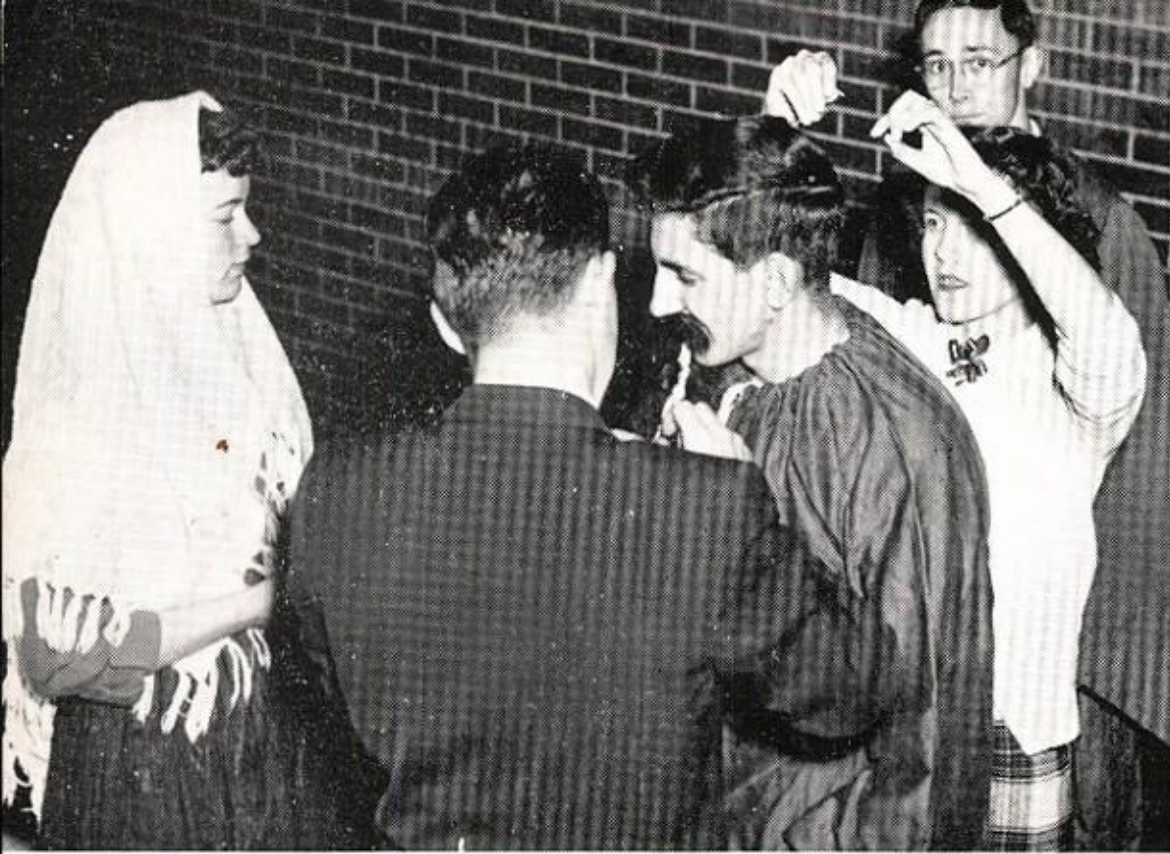

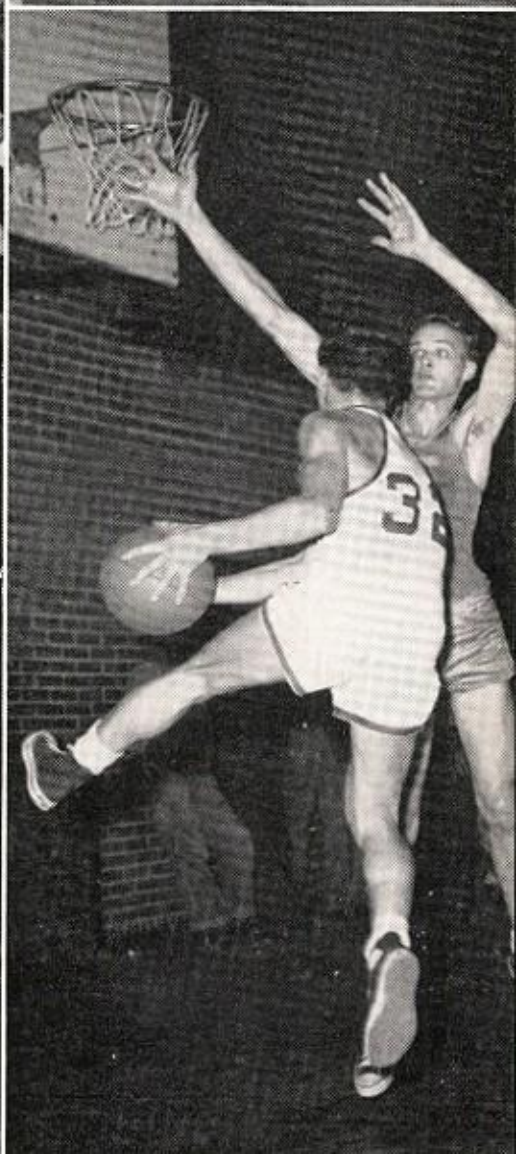

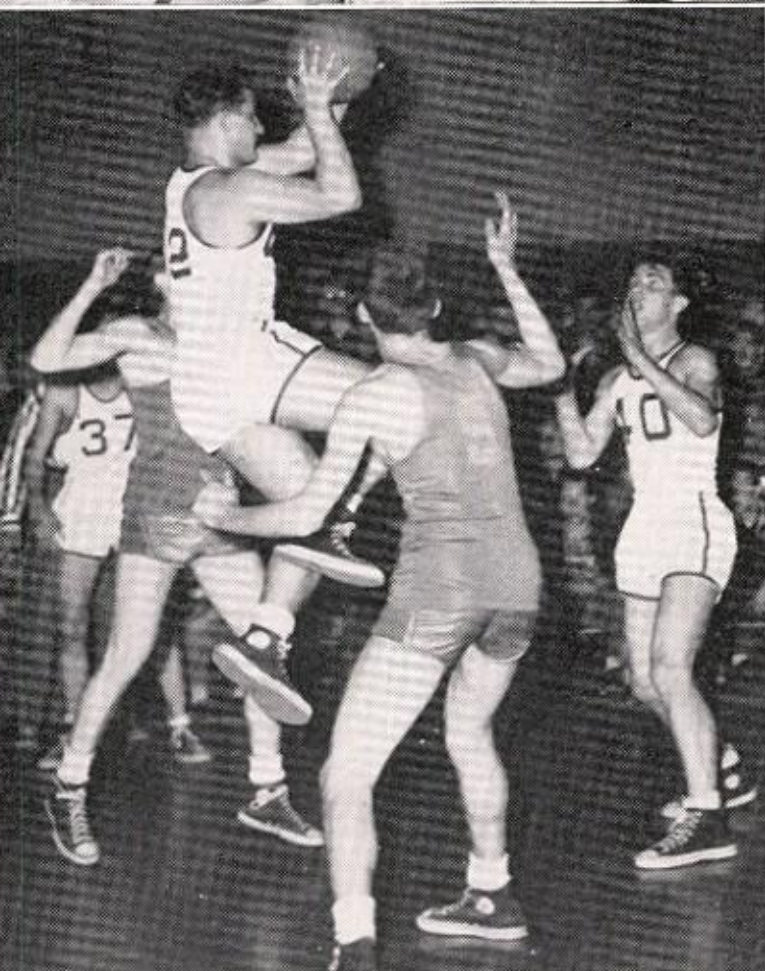

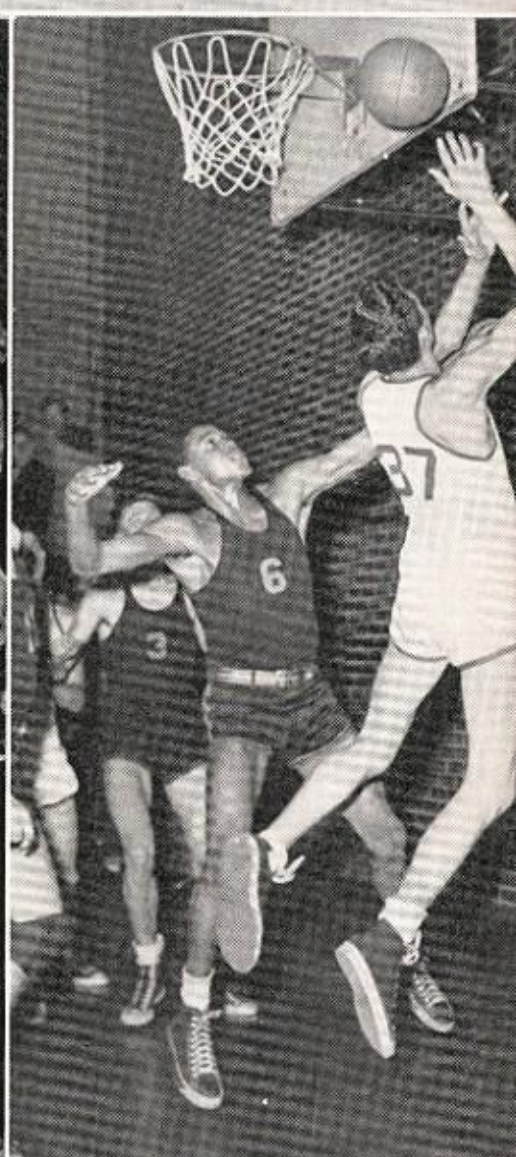

Homecoming Queen

On October 24 the annual Homecoming Day was held at Hurst. In a special assembly William Misiak and William Dunn, football captains, crowned Evelyn Mondock as the Homecoming Queen of 1952. Evelyn was attended by Patricia Ewing and Jacqueline Stinebiser. Edmund Davis, senior class president, made the introductory remarks. Then, the queen and her attendants were escorted to the stage by the majorettes. As a lasting tribute to all the alumni, the student body sang, "Auld Lang Syne" directed by Mr. Somers. During the half at the Hurst versus Derry game, Queen Evelyn and her attendants were chauffeured around the field followed by the band. As a final event of the Homecoming Celebration, the senior class sponsored a record dance following the game in the Hurst gymnasium.
